

Guañape Sur

Auteur/Réalisateur : János Richter

Producteur : ZeLIG - School for documentary, television and new media

Pays : Italie

Durée : 24'

Une île qui n'est guère plus qu'un rocher isolé au large des côtes Péruviennes. Sans terre ni eau ni végétation, mais peuplée de centaines de milliers d'oiseaux.

Pendant dix ans, seuls deux hommes ont vécu à Guañape Sur. Aujourd'hui, des centaines d'hommes arrivent sur ce rocher pour récolter le Guano, ces excréments d'oiseaux qui serviront d'engrais dans l'agriculture ou pour produire de la dynamite.
