

Far from home

Author/Director: Delphine Dhilly

Producer: Quark productions

Country: France

Length: 52'

Far from Home is a film about women facing the war fought by the men they love.

Told through the eyes of Kelly, Dina, Jennifer, and Michelle, this documentary explores the war in Iraq as experienced by four young women in America.

By revealing the tragic gaps between war time propaganda and the long-term damages war inevitably inflicts upon the couples, this documentary is a look at the often unseen effects of a war.
