

The Flower Bridge

Author/Director: Thomas Ciulei

Producer: Europolis Films SRL

Country: Romania

Length: 87'

On his farm in Moldavia, Costica Arhir stakes his honour on bringing up his three children well while his wife has left to work abroad. He supervises their studies, cuts their hair, reads to them and mobilises them on the farm, gets them to help with the housework and cooking. The mother's absence is offset by this collective organisation.

With grace and humour this film depicts a situation, filling up an absence, that is affecting a high percentage of families in Moldavia.
