

Branding Illness

Author/Director: Anne Georget

Producer: The Factory Productions

Country: France

Length: 52'

Pharmaceutical companies have an important role in providing us with the medication we need. But if one looks closely, it becomes obvious that this industry sells fewer drugs than...diseases, since the best way to multiply their earnings is to continuously invent new diseases, make us all feel that we are sick and in need of cures or prevention.

Coproduction TV: Arte France
