

Kings of the Wind & Electric Queens

Author/Director: Ce?dric Dupire & Gaspard Kuentz

Country: France

Length: 54'

The Sonepur Fair in India is about to begin!

Colourful multitudes cut through the dusty, sticky air as the ecstatic sound of drums fills the space.

An event like no other, a carnival of magical realism inhabited by exotic dancers, exorcists, stuntmen and elephant tamers.

"Roll up, roll up, our circus has come to you!", cries a squeaky voice from the loudspeakers.

Prepare yourself for sensory overload.
