Non-Aligned: Scenes From The Labudovi? Reels

Author/Director: Mila Turajlic?

Producer: Survivance

Country: France

Length: 52' - 100'

Website: www.nonalignednewsreels.com

Non-Aligned & Ciné-Guerrillas is a documentary diptych of two feature-length films that take us on an archival road trip through the birth of the Third World project, based on unseen 35mm materials filmed by Stevan Labudovi?, the cameraman of Yugoslav President Tito.
Non-Aligned re-traces the birth of the Non-Aligned movement, examining how a global project of political emancipation was constituted by the cinematic image.
