

Treewashing, the Planting Illusion

Author/Director: François-Xavier DROUET

Producer: Solent Production

Country: France

Length: 88' & 52'

While deforestation is accelerating and CO2 emissions are beating records, planting trees is presented as a common-sense solution in the face of the ecological catastrophe, by many public policies, NGOs and multinationals. But is it really as simple as this?

Festivals:
Paris Science, France, 2025
